

e² YOUNG ENGINEERS LEGO® CHALLENGE

**AFTER SCHOOL CLUB
at**

Nutfield Church Primary School
Starting in April 2016

£7 for Each Session

Timings 3.15pm to 4.15pm

Do your Children like:-

Disassembling, Constructing, Designing, Creating,
Experimenting, and above all, building machines
with LEGO® components

Children learn mechanical engineering, physics, and math
while having fun building LEGO motorized machines.
They learn how machines work both theoretically
and technically!

HOW? It's easy!

We will build a different model that demonstrates scientific principles.
Spaces are limited so please book soon by email.
