

Year 6 Homework

08-03-19

"Behaviour is the mirror in which everyone shows their image." Johann Wolfgang von Goethe.

Maths

In Maths this week we have been learning the meaning of the terms mode, mean, median and range.

1. The mode is the value that appears most often in a set of data.
2. The mean is the total of all the values, divided by the number of values.
3. The median is the middle number in a list of numbers ordered from smallest to largest.
4. The range is the difference between the lowest value and the highest value

Also we have been revising ratio and proportion. We solved problems involving ratio.

A ratio compares values, telling us how much of one thing there is compared to another thing. Proportion tells us about a portion or part in relation to a whole. For example, children may be shown the following diagram and would need to know that there are 2 green triangles in every six triangles (expressed as a fraction, $\frac{2}{6}$ of the triangles are green).

This is different to ratio, which compares how much of one thing there is compared to another thing; we would say the ratio of green triangles to yellow triangles, is two to four or 2:4

Homework

This week's homework in Maths is a worksheet to revise our learning about pie charts. There are also spellings, some grammar for revision and a reading comprehension passage.

Dates for your diary:

- 14th March: KS2 SATs Meeting 7-8pm
- 15th March: Comic Relief Red Run
- 18th March: St Patrick's Team wear a green t-shirt/top.
- 18th - 22nd March: Book Fair (3.30 pm)
- 20th March: Year 6 Class Collective Worship 9am.
- 26th - 28th March: Parents' Evening 3:30 - 6pm
- 29th March: PTFA Easter Egg Hunt 3:15 - 4:15pm
- 5th April: Easter Service at Christ Church 1:30pm

English

In English this week we have been revising verb tenses. There are three basic tenses: present, past, and future. Each has a perfect form, indicating a completed action; each has a progressive form, indicating an ongoing action; and each has a perfect progressive form, indicating the ongoing action will be completed at some definite time. Here is a list of examples of these tenses and their definitions:

	Simple present	Progressive	Perfect form	Perfect progressive
Present	Takes	I'm taking	Have taken	Have been taking
Past	Took	I was taking	had taken	Had been taking
future	Will/shall take	I will be taking	will have taken	Will have been taken

We have started our investigation into submarines. Next week we will write an explanation text about how submarines work.

This week we have celebrated Book Week. The children have taken part in various fun book-related activities throughout the week:

- Year 6 shared reading with Year 1.
- The children dressed up as their favourite character
- Ed Wicke, a children's author, came to visit our school and he shared ideas about how to write a book.

Thank you for your support
Regards,
Mrs Cox and Mr Green
