

Air Pollution is a Health Crisis

- Antenatal exposure to air pollution can increase the unborn child's risk of asthma
- Children and young adults are more at risk due to a faster breathing rate, their lungs are still developing and may not grow fully
- It is suggested there are up to 40,000 deaths per year due to outdoor pollution (Royal College of Physicians 2016)

Please switch your engine off

Surrey Schools are requesting parents to switch off if stationary for one minute or more. Idling doubles the emissions and greatly increases air pollution.

Leave your car at home

Walk, cycle or scoot to school or work; organise a walking bus rota.

Car share or park further away - then walk

Contact your MP

Organisations like Asthma UK are calling for a new Clean Air Bill based on WHO targets.

Join Extinction Rebellion

The XR Action at the Science Museum involving parents and children in Feb 2020 was to draw attention to illegal levels of air pollution from fossil fuels.

Reigate XR is a local group – join us for informal discussions about the climate and ecological emergency. We meet on the first and third Mondays of the month at

The Yard @ Reigate Station – 7.30pm – 9.30pm

Our first 30 mins are always spent catching up, chatting and getting to know new participants, followed by general discussions, planning, updates and ideas generation.

xrreigateandredhill@gmail.com**

**The next 'National Rebellion' will start on
23rd May 2020**
