

Nutfield Church Primary (CofE) School

Sports Premium
2019-2020

Sports Premium Summary

Physical Education (PE) is an important part of every pupil's learning and education. It provides opportunities for pupils to be creative and competitive in groups and in teams and encourages children to challenge themselves individually, whilst promoting positive attitudes towards PE and healthy lifestyles.

At Nutfield Church (C of E) Primary School, two PE sessions per week are dedicated to physical activity in the curriculum for each class. There are half termly intra school competitions, opportunities to represent the school at District level, in both competitive tournaments and festivals, a choice of sporting after school clubs and sessions with coaches from outside sports clubs.

The government continues to provide Sport Premium funding to enhance primary sport for the current academic year 2019-2020. This year's funding for Nutfield Church (C of E) Primary School is comprised of a lump sum of £16,000, plus a premium of £10 per pupil in Years 1 to 6.

We continue to invest the Sports Premium in a variety of ways to improve the quality and breadth of our PE, sports and outdoor adventurous activities provision and to increase the enjoyment and participation in this area of learning throughout the school so that all of our pupils develop healthier lifestyles and reach the performance levels they are capable of.

In the academic year 2019-2020, we continue to focus on inclusion in PE, sports and outdoor adventurous activities, using qualified sports coaches and offering CPD opportunities for all staff, thereby ensuring that all our children receive a wide and sustainable variety of PE and sport provision. We aim to instill a love of sport and physical activity in our children and teach them the importance of teamwork in their lives.

On its website, the government provides the following advice for how to spend the Sports Premium funding:

The premium must be used to fund additional and sustainable improvements to the provision of PE and sport, for the benefit of primary-aged pupils, in the 2019 to 2020 academic year, to encourage the development of healthy, active lifestyles.

This means that you should use the premium to:

- *develop or add to the PE and sport activities that your school already offers*
- *build capacity and capability within the school to ensure that improvements made now will benefit pupils joining the school in future years*

Physical Education Policy

NUTFIELD CHURCH (C OF E) PRIMARY SCHOOL

Nutfield Church (C of E) Primary School Mission:

- We are a church school, which believes in the importance of **community**, where people from all races, religions and cultures act in **peace** together.
- Our pupils, staff and families work together as a team, with **wisdom** supporting each other through our learning. We have **hope** in our challenges and in our successes.
- We recognise the **dignity** and ultimate worth of each person created in the image of God, further shaped by the person, teaching and example of Jesus. We look to the future with **joy**.

PHYSICAL EDUCATION PROCEDURE

AIMS AND OBJECTIVES

Physical Education (PE) is an important part of pupil's learning and education. Physical Education develops pupils' physical competence and confidence, in order to perform in a range of activities. It promotes physical skilfulness and knowledge of the body in action. Physical Education provides opportunities for pupils to be creative, competitive and to face up to activities as individuals, in groups and/or in teams. PE also promotes positive attitudes towards physical activity and healthy lifestyles. Our pupils learn how to think in different ways, to suit a wide variety of creative and challenging activities. They learn how to plan, perform and evaluate active performances in order to improve their quality and effectiveness. Through this process our pupils discover aptitudes, abilities and preferences before making choices about how they can become involved in lifelong physical activity, thus promoting a healthy lifestyle.

The aims of Physical Education are:

- Develop pupils' understanding, enjoyment and appreciation for a wide range of physical activity

- Acquire and develop new skills required for an understanding of how to succeed in different activities before evaluating and recognising their own success.
- Know and understand the role of fitness and health
- Develop physical skills, attitudes and attributes that can support learning in other subject areas
- To develop personal qualities such as self-esteem, leadership skills, motivation and teamwork

QUALITY OF EDUCATION

In addition to statutory Core subjects, we believe that Physical Education and sporting tournaments should have a significant value in our school. We closely monitor the use and impact of Sports' Premium and give a significant amount of curriculum time to the subject. PE is now part of our Wellbeing Curriculum.

The national curriculum for PE aims to ensure that all pupils:

- develop competence to excel in a broad range of physical activities
- are physically active for sustained periods of time
- engage in competitive sports and activities
- lead healthy, active lives.

At Key Stage 1 pupils will develop fundamental movement skills, become increasingly competent and confident and access a broad range of opportunities to extend their agility, balance and coordination, individually and with others. They will be able to engage in competitive (both against self and against others) and co-operative physical activities, in a range of increasingly challenging situations.

At Key Stage 1 pupils will be taught to:

- master basic movements including running, jumping, throwing and catching, as well as
- developing balance, agility and co-ordination, and begin to apply these in a range of activities
- participate in team games, developing simple tactics for attacking and defending
- perform dances using simple movement patterns.

At Key Stage 2 pupils will continue to apply and develop a broader range of skills, learning how to use them in different ways and to link them to make actions and sequences of movement. They should enjoy communicating, collaborating and competing with each other. They will have the opportunity to develop an understanding of how to improve in different physical activities and sports and learn how to evaluate and recognise their own success.

At Key Stage 2 pupils will be taught to:

- use running, jumping, throwing and catching in isolation and in combination
- play competitive games and apply basic principles suitable for attacking and defending
- develop flexibility, strength, technique, control and balance (through athletics and gymnastics)
- perform dances using a range of movement patterns
- take part in outdoor and adventurous activity challenges both individually and within a team
- compare their performances with previous ones and demonstrate improvement to
- achieve their personal best

ENTITLEMENT

The Physical Education curriculum will allow equal access, promoting equal opportunities for all, value the contribution of children, and encourage and guide the children to maximise their potential regardless of the economic situation of their family or by their gender, race, ethnic group or disability.

Every child is entitled to two hours quality PE teaching per week. To maximise the opportunity for this to happen, each class has been allocated two hours per week in the hall. Where an outdoor PE lesson becomes is required to be taught indoors, teachers will transfer the lesson to their allocated hall time, maintaining the learning objective where possible. When not possible, a similar objective, which can be met, will be taught in its place. The PE Coordinator will be available to consult for adjustment of learning objectives and planning of lessons.

The National Curriculum (2014) states that “all schools must provide swimming instruction either in key stage 1 or key stage 2”. At Nutfield Church Primary School, children in Year 3 are given swimming lessons as one of their PE lessons. Through these lessons, children are taught to

- swim competently, confidently and proficiently over a distance of at least 25 metres
- use a range of strokes effectively [for example, front crawl, backstroke and breaststroke]
- perform safe self-rescue in different water-based situations.

DIFFERENTIATION & EQUAL OPPORTUNITIES

Provision is made for children who have differing levels of physical experience and confidence. Every pupil then has regular access to activities, allowing them to develop new physical skills. This provision may be in the form of help with the discussion and planning stages of an assignment, or in the positive evaluation and performance of a pupil's best efforts. Activities are modified or extended to meet the needs of particular pupils. Children's abilities and needs should be emphasized.

Activities can be simplified or altered to allow access for pupils experiencing difficulty. Ultimately our primary aim of differentiation in PE is to ensure that every pupil should be motivated to enjoy and succeed in each unit of work.

Examples

- The physical task as a whole will be adapted to make the lesson pitch easier/harder to suit the needs of the individuals
- Provision of alternative equipment e.g larger, brighter ball
- Helping poorly coordinated children to organize the placing and usage of PE equipment for maximum benefit.
- Ensuring that groupings cater for social and emotional needs as well as different ability levels.
- Encourage children to be supportive and positive in their evaluation of the work of others.

RESOURCING PHYSICAL EDUCATION

A range of PE equipment covering all areas of Physical Education teaching are available in the outdoor PE shed. This collection is frequently updated and represents a wide range of the PE teaching and learning areas. Within the collection of equipment there are options for lesson resources to be adjusted to ensure that the lesson promotes the best in each individual and support his/her learning.

There is an annual budget for PE, covering teaching resources and all PE equipment. The PTFA also help to supplement the budget for specific items. See below for how Sports Premium money is used to enhance the PE curriculum.

ASSESSMENT

Assessment statements accompanying the units of work will provide opportunities and strategies to ensure a developing understanding of the learner's strengths and weaknesses and potential within the context of PE.

Children will be assessed three times a year, at the end of each term, with teachers assessing the following skills in Key Stage 1:

- Games
- Multisports
- Dance
- Gymnastics

In Key Stage 2, the following skills will be assessed:

- Invasion Games
- Net & Wall Games
- Striking & Fielding Games
- Dance
- Gymnastics
- Athletics
- Swimming
- Outdoors and Adventurous Activities

Using expectations for each year group, teachers will level children's attainment in each skill that has been taught over that term.

LINKS WITH OTHER AREAS OF THE CURRICULUM

As well as making its own distinctive contribution to the school curriculum, PE contributes to the wider aim of primary education. Throughout our PE curriculum there are regular opportunities for linking learning to other curriculum areas and staff will draw attention to them when they arise.

EXTRA-CURRICULAR ACTIVITIES & EVENTS

Extra-curricular activities will have four specific objectives

- To ensure there is equality of access for all those children wanting to take part
- To supplement and extend the curricular program of study, based on concepts, knowledge and skills
- To increase performance of individuals and teams, for competitions where appropriate (e.g. to develop and extend sport-specific skills within Key Stage 2)
- To develop the concept of sport, leisure and recreation participation as healthy enjoyable pastimes.

The school provides the opportunity for children to participate in extra sporting activities after school. Any child who wishes to join, regardless of their physical/sporting development, may do so. At Nutfield Church Primary School we believe that all children should have the chance to participate in all sporting experiences. We hold regular and frequent inter-school team competitions for children in all phases. We are continually assessing the attendance, enjoyment and learning of children at the various extra-curricular activities and events. Each year the timetable of activities on offer are arranged and developed to suit both pupils and staff. As a school we are continually involved in level 2 inter-school competitions in a wide variety of sports.

Every Summer Term, we host an annual Sports Day event which parents and families are encouraged to attend and support as part of the school community. All pupils are encouraged to take part in a wide variety of events. As a school, we have an ethos of supporting each other and this is shown further on our annual Sports Day. The older children are encouraged to support the younger children's participation so that the sporting events and day are enjoyed by all.

In Year Six children may be selected to take part in a Young Sports Leaders' scheme. This scheme includes training from Surrey Active and is facilitated by the PE coordinator. It aims to develop pupils' leadership and organisational skills through providing opportunities for the Sports Leaders to plan, organise and run school sporting events and to enrich the school population through extra-curricular sporting activities.

HEALTH AND SAFETY

We endeavour to determine health and safety risks involved in teaching and learning. As teachers we will always determine the following points before delivery of each PE teaching session:

- Are the pupils wearing footwear and clothing that are safe and help their learning?
- Has all jewellery been removed, hair tied back and loose clothing equipment tucked in?
- Is the space safe and clear enough to work in?
- Are the pupils aware of others in the class when they are moving and working?
- Have all the pupils warmed up and cooled down properly?
- Do the pupils know how to lift and move apparatus safely?
- Is the equipment the right size & weight for the pupils?
- Has apparatus been positioned safely?
- Are there enough mats & have they been placed in the intended areas?
- Do the pupils know the rules and what they are supposed to do?

PE KIT

For all PE lessons, children must be wearing suitable PE kit, which is as follows:

Indoors: Yellow T-shirt with school logo
Blue Shorts
Plimsolls or Trainers

Outdoors: Yellow T-Shirt with school logo
Blue Shorts
Jogging Bottoms if cold
School fleece or sweatshirt if cold
Suitable footwear for playground games i.e. trainers and socks

All jewellery must be removed by the child and should not be worn during the lesson.
Stud earrings are permitted.

Clothing should be kept in a named draw-string bag with the school logo and must be in school all week, available for all PE lessons. When children are unable to take part in PE lessons for medical reasons, a note must be written to the child's class teacher. If PE kit is not in school, spare kit (kept in classrooms) should be worn. Any child not taking part in PE lessons will be asked to analyse and evaluate performances of a child/a number of children in the PE lesson, compared to the skill being taught, therefore taking part in a theory aspect of the lesson.

Sports Premium Impact

At Nutfield Church Primary School we use Sports Premium funding to:

- Raise the participation of DP pupils in PE, sports and outdoor adventurous activities, focusing on narrowing the gap between DP and other children
- Raise the participation of all pupils, particularly those who do not engage in PE, sports and outdoor adventurous activities outside of school
- Encourage enjoyment in sporting activities amongst all pupils
- Increase attainment in PE, sports and outdoor adventurous activities
- Offer a wide variety of PE, sports and outdoor adventurous activities through the PE and wider school curriculum, including regular intra-school and Tandridge Schools tournaments, whole school sporting events, after schools clubs and visiting specialist coaches
- Ensure that school staff are trained in all areas of PE, sports and outdoor adventurous activities
- Provide equipment and resources required for full PE, sports and outdoor adventurous activities provision in school
- Provide opportunities for pupils to plan, organise and lead sporting events
- Ensure that all improvements made are sustainable in the future

Specific Expenditure & Outcomes

Item of Expenditure	Description	Outcome
CPD for new Sports Lead	<ul style="list-style-type: none"> • New PE lead support Active School's • Active School Network meetings (termly) 	<ul style="list-style-type: none"> • New Sports Lead trained and empowered to run sports and PE across the school.
Yearly subscription for Oxted School resources	<ul style="list-style-type: none"> • Yearly payment for Oxted School resources in providing admin and venues for Tandridge Schools Tournaments 	Full timetable (10 events) of sports tournaments/festivals organized for 9 Tandridge primary schools participating using Oxted School facilitator and venues
Resources – Miscellaneous	Equipment and other resources to facilitate PE, sports, outdoors adventurous activities and lunchtime sports activities. New Orienteering resources erected in	<ul style="list-style-type: none"> • Replacement of old equipment and adding to existing equipment so that increased numbers of children can participate • Resourcing of new areas of curriculum • Lunchtime games continued with different activities in different areas of playground/field.

	school grounds.	
School staff to accompany children to tournaments, training and residential	Tandridge District Tournaments Sports Crew Training Year 4,5,6 Residential Visits	All Tandridge District tournaments for children in years 2-6 attended where possible with supervision by school staff. Residential staffed with required number of trained school staff attending.
Deposit paid for academic year 2020/2021 day visits	Aqua Sports for Year 5 – 3 days water sports provision	Year 5 to have program of sporting activities focusing on water sports in Autumn 2019.
Sports Crew Training run by Surrey Active team	Training for Year 6 Sports Crew – November 2019	Successful 2 hour training session with lots of ideas for how Sports Leaders can work with younger children, including PhysiFun program. Subsequently children planned and ran 2 whole school sports events and offered daily lunchtime games in the playground during Spring term.

Strategic Actions and Impact

One of the main impacts of the Sports Premium funding is the greater emphasis on PE, sport and outdoors adventurous activities throughout the school. This is evidenced by engaged pupils, trained and competent teachers, the availability of specialist sports coaches, frequent participation in District tournaments and festivals, after school sporting clubs and regular phase, key stage and whole school competitive and fun sporting events.

The positive atmosphere engendered by this provision pervades the whole school community and there is a general feeling of 'can do' amongst pupils, staff and parents. This is a legacy which the school continues to build on and will be able to maintain in the future.

Residential and Outside Activity Visits

As part of our new five strand curriculum, launched in September 2019, we have made a strategic investment in developing our wellbeing curriculum, which values the mental and physical health of all our children. We have significantly extended our program of visits: Year 6 visit High Ashurst and Thames Young Mariners for a 4 night residential trip. Year 5 participate in 3 days of water sports at Aqua Sports in Merstham and Year 4 participate in 3 day visits to High Ashurst. The Sports Premium will be used to subsidise these activities so that residential and out of school provision remains compulsory and inclusive for all pupils at Nutfield Church Primary School.

Swimming

In addition to the residential and outside activity visits, our Year 3 children receive a year of swimming tuition as one of their PE sessions each week. As a result of this investment in swimming, 100% of Y6 children can:

swim competently, confidently and proficiently over a distance of at least 25m
use a range of strokes effectively, for example, front crawl, backstroke and breaststroke
perform safe self-rescue in different water-based situations

Whole School/Key Stage 2 Sporting Events

Autumn 2019 – (KS2 only) The Mini Mile

The following were planned but could not go ahead due to the COVID 19 Pandemic:

Spring 2020 – ECB All Stars Cricket Project run with Years 1,2,4,5,6

Spring 2020 - Comic Relief – The Red Run

Spring 2020 – (KS2 only) – Judo

Summer 2020 – Inter-School Team Athletics Competition

Summer 2020 - Sports Day

Intra-School Tournaments

The PE lead ensures that all children in KS2 take part in a competitive inter-school team sports challenge once every half term, playing one of the games they have been learning during that term in their PE lessons.

Children in Years 1 and 2 also take part in these competitions during the Summer Term. Points from the challenges go towards Team Points and the School Team Challenge Cup.

After School Sports Clubs

Spring 2019 – Athletics and Summer Games (Y3-6), Badminton (Y1-6)

Autumn 2019 – Hockey (Y5-6), Football (Y5-6), Badminton (Y1-6)

The following were planned by could not go ahead due to the COVID 19 Pandemic:

Spring 2020 – Girls' Football (Y4-6), Football (Y5-6), Badminton (Y1-6)

Summer 2020 – Athletics and Summer Games (Y3-6), Multi-Skills (YR-Y2), Badminton (Y1-6)

DP children

All DP children have 2 hours of PE, sport and outdoors adventurous activities a week as part of their curriculum. They can also access daily lunchtime games run by the Year 6 Sports Leaders who target certain children in different classes to ensure that all children are engaged with PE and sporting activities.

All DP children and those who do not participate in sport on a regular basis, have equal access to the whole school sports sessions listed above and care is taken in the planning to ensure that all children are included. Many DP children also take part in the after school sports clubs.

Competitions and Tournaments

There are 9 primary schools which make up the South Tandridge Primary Schools Sports Partnership in liaison with Oxted School. Nutfield Church Primary School attended/was invited to attend:

- 10 Tandridge Schools tournaments organised by Oxted School.
- 5 Tandridge Schools tournaments and festivals organised by partner Tandridge Primary Schools. (Nutfield Church organised and hosted the Year 3/4 Tag Rugby Festival.)
- 3 Cricket Tournaments organised by Oxted and Lingfield Cricket Club.
- 3 Year 2 Multi Sports Festivals organised and hosted by Limpsfield Infant School.
- 2 District Sports events.

Events in the second half of the year were cancelled due to the Covid-19 pandemic.

Sports Leaders

A team of Sports Leaders – 10 children from Year 6 – are appointed to support other children in the school to achieve in PE, to help plan whole school sporting events, including fundraising for the Winter Night Shelter and for Children in Need in Autumn 2019. They also run daily lunchtime games during the Spring and Summer terms. The PE co-ordinator monitors their impact through reviews of the events they have organized and feedback from teachers and pupils.

Events in the second half of the year were cancelled due to the Covid-19 pandemic.
